

Saturday June 15, 2019

Georgetown Marketplace Mall, Georgetown

Convenor: Janet Scott

- For general guidelines and regulations, see Horticultural Division Rules on page 33.
- Entries accepted from 9:00 a.m. to 10:30 a.m., but must be tagged and on the show tables by 10:30 a.m.
- Judging begins at 10:40 a.m. and all exhibitors must be out of the judging area by that time.
- Entries are to be removed from the area promptly at 4:00 p.m. Any entries removed prior to that time will be disqualified.
- Containers are supplied by the Society for Horticultural sections, unless otherwise stated.

Division 1 - Horticultural

Section A - Roses

- | | |
|---|--------------------|
| 1. Rose - English (Austin or old) | 1 cluster |
| 2. Rose - English (Austin or old) | 1 bloom |
| 3. Rose - cluster (e.g. The Fairy, Lili Marlene) | 1 cluster |
| 4. Rose - miniature | 1 cluster or bloom |
| 5. Rose - hybrid tea | 1 bloom |
| 6. Rose - for fragrance (60% fragrance, 40% condition) | 1 cluster or bloom |
| 7. Rose - shrub | 1 cluster or bloom |
| 8. Rose - Any other | 1 cluster or bloom |

Division 1 - Horticultural Section B - Annuals, Biennials, Perennials & Flowering Bulbs

9. Alliums - large head (7.6 cm (3") and over)	1 stem
10. Alliums - small	3 stems
11. Aquilegia (Columbine)	1 stem
12. Campanula - small (Bellflower) (e.g. Blue Clips)	3 stems
13. Campanula - large (Bellflower) (e.g. Peach Leaf, Canterbury Bells, etc.)	1 stem
14. Clematis - large flowered (max 76.2 cm (30") section)	2 blooms, with foliage
15. Clematis - small (including species and non-climbing)	3 blooms, with foliage
16. Delphinium - tall	1 stem
17. Dianthus (Pinks)	3 stems
18. Fern - Japanese	1 frond
19. Fern - any other	1 frond
20. Geranium (Cranesbill, perennial)	1 stem
21. Heuchera Flowers (Coral Bells)	3 stems, single colour, same variety
22. Heuchera Leaves (Coral Bells)	3 leaves, same variety
23. Heuchera Leaves (Coral Bells)	3 leaves, different variety

Hosta Measurements:

You measure from where the stem joins the leaf to the tip for the length.

This is at the time of cutting.

24. Hosta leaf	mini under	(7.62 cm) (3")	1 leaf, single colour
25. Hosta leaf	mini under	(7.62 cm) (3")	1 leaf, variegated
26. Hosta leaf	small	(7.62 - 15.24 cm) (3" - 6")	1 leaf, single colour
27. Hosta leaf	small	(7.62 - 15.24 cm) (3" - 6")	1 leaf, variegated
28. Hosta leaf	medium	(15.24 - 22.86 cm) (6" - 9")	1 leaf, single colour
29. Hosta leaf	medium	(15.24 - 22.86 cm) (6" - 9")	1 leaf, variegated
30. Hosta leaf	large over	(22.86 cm) (9")	1 leaf, single colour
31. Hosta leaf	large over	(22.86 cm) (9")	1 leaf, variegated

32. Iris - bearded	1 stem
33. Iris - any other type	1 stem
34. Lupinus	1 stem
35. Paeonia (Peony) - Itoh/tree	1 bloom
36. Paeonia (Peony) - double, major colour white	1 bloom
37. Paeonia (Peony) - double, red or purple	1 bloom
38. Paeonia (Peony) - double, major colour pink	1 bloom
39. Paeonia (Peony) - semi-double, single, Japanese, Anemone	1 bloom
40. Paeonia (Peony) (own vase)	3 blooms, <i>same variety</i>

Anemone: These blooms represent the next progression in doubling. The staminodes have transformed even further and have lost any resemblance to the filament and anthers from which they were derived.

They look more petal-like, albeit narrower, and are now referred to as petaloids. They tend to be of one colour, which can be the same as the guard petals of a contrasting colour, often yellow or white.

Examples: 'Gay Paree', 'White Cap'.

Double: Evidence of stamens and carpels is normally lacking since these have been fully transformed into petals. Careful searching may turn up a few of these structures in much-reduced form. Typically, when present, they are not seen unless carefully examined. Examples: 'Red Charm', 'Sarah Bernhardt'.

Japanese: This form very much resembles the singles. Closer examination of the anthers reveal that there is no free pollen. The stamens have begun the transformation towards doubling, and pollen, though often present, is encased in tissue and unavailable. Examples: 'Flying Tiger', 'Snowy Hills'.

The filaments, which support the anthers, have also become somewhat flattened. These transformed stamens are termed staminodes and are usually coloured with a yellow edge or tip.

Examples: 'Westerner', 'Sword Dance'.

Semi-Double: These have a profusion of petals but always have pollen-bearing stamens and carpels. Examples: 'Minnie Chiller', 'Marie Jacqui', 'Miss America'.

Single: Peony with 5 or 10 petals (sometimes more) surrounding a centre composed of stamens and carpels. Singles have pollen-bearing anthers. Examples: 'Sea Shell', 'Krinkled White'.

- | | |
|--|--------------------------------|
| 41. Penstemon (Beardstongue) | 1 stem |
| 42. Salvia | 1 stem |
| 43. Viola (Pansies) | 3 blooms, with foliage |
| | |
| 44. A collection of flowering perennials (your choice , own vase) | 5 stems, each different |
| 45. A collection of foliage perennials (your choice , own vase) | 5 stems, each different |
| | |
| 46. Any other flowering bulb or rhizome not listed
(Lily, Foxtail lily, etc.) | 1 stem |
| 47. Any other perennial flower not listed
(overall plant size under 25.4 cm (10")) | 1 stem, bloom or spray |
| 48. Any other perennial flower not listed
(overall plant size over 25.4 cm (10")) | 1 stem, bloom or spray |
| 49. Any other biennial/annual
(e.g. annual poppy, snapdragons) - See rule number 4 on page 33 of your yearbook | 1 stem, bloom or spray |
| | |
| 50. Flowering vine, not to exceed:
(76.2 cm (30")) section including container) | 1 specimen |
| 51. Flowering shrub/tree branch not over:
(76.2 cm (30")) in length including container) | 1 specimen |

Division 1 - Horticultural

Section C - Oddities

- | | |
|---|------------|
| 52. Largest Leaf | 1 specimen |
| 53. Most unusual looking flower, seed pod, etc. | 1 specimen |

Division 2 - Design**Theme: School's Out**

- For general guidelines see Design Division Rules on page 35.
- Exhibits, unless otherwise stated, should fit into a 60.96 cm (2 foot) square.
- A General entrant is any member who has not taken 4 or more advanced floral design classes outside of the G.H.S.
- An Experienced entrant is any member having taken 4 or more advanced floral design classes outside of the G.H.S.

54E. New Growth Foliage only design **(Experienced)**

55E. See You! Transparency design **(Experienced)**

(A design in which there is a creative incorporation of materials of see through qualities placed into the design, in front of part or parts of the whole to give the illusion of depth and space beyond).

1st - \$10.00

2nd - \$8.00

3rd - \$6.00

Cash awards are for General Design class only

56E. Big Yellow Bus A design incorporating yellow flowers **(General)**

57E. Skipping Stones A design incorporating rock (s) **(General)**

Awards

T. Eaton Rose Award

Most Points in Show - roses

Horticultural Excellence

Most Points in Show - horticultural division

Red Rose Tea Award

Best Red Rose (may be awarded in the fall)

1965 Directors Award

Best Rose - in division 1

Madge Whitfield Award

Best Iris

G/S Television Award

Best Lily

Ionson Award

Best Peony

Presidents' Award

Best Cut Specimen (from 1st place winners) - hort. division

Duffield Award

Judge's Choice - horticultural division

Halton Hills.com Award

Most Odd and Curious Entry - horticultural division

Friends of the Old Seed House

Best in Show - horticultural division

G.H.S. Memorial Award

Judge's Choice (from all design entries)

Mrs. S.G. Bennett Award

Best Floral Design (from 1st place winners) - General

Pinkerton Award

Best Floral Design (from 1st place winners) - Experienced
